YEARS OF INTENSE PAIN.

Dr. J. H. Watts, druggist and physician, Humboldt, Neb., who suffered with heart disease for four years, trying every remedy and all treatments known to him, and finally following the advice of a friend that heart disease is curable. He writes:

"I wish to tell what your valuable medicine has done for me. For four years I had heart disease of the very worst kind. Several physicians I consulted, said it was Rheumatism of the Heart."

It was almost unendurable; with shortness of breath, palpitations, severe pains, unable to sleep, especially on the left side. No pen can describe my sufferings, particularly during the last months of those four weary years. I finally tried

Dr. Miles' New Heart Cure, and was surprised at the result. It put new life into and made a new man of me. I have not had a symptom of trouble since and I am satisfied your medicine has cured me for I have now enjoyed, since taking it

Three Years of Splendid Health. I might add that I am a druggist and have sold and recommended your Heart Cure, for I know what it has done for me and only wish I could state more clearly my sufferings then and the good health I now enjoy. Your Nervine and other remedies also give excellent satisfaction." J. H. Watts.

Humboldt, Neb., May 9, '94.

THE MISSISSIPPI LESSON.

From the St. Louis Post-Dispatch.

The advocates of the single gold standard and particularly the believers of the administration point to the defeat of free silver candidates in Kentucky and in the Eighteenth Illinois district as proof of the disastrous effect of free silver on the Democratic party.

In New York the Democrats nominated gold standard candidates on an outspoken gold standard platform. What was the cause of their defeat by an enormous majority?

In New Jersey the Democrats nominated gold standard candidates on a gold standard platform. What was the cause of their complete rout?

In Massachusetts gold standard candidates on a gold standard platform were crushingly defeated by the Republicans. Why were they defeated?

In Ohio Republicans overwhelmed the Democrats, who had gold standard candidates on a gold standard platform. What was the cause of Democratic defeat there?

In Iowa the federal postmasters and gaugers voted down a free silver plank and constructed a gold standard platform and the result was a disastrous Democratic defeat. What was the cause of that defeat?

In Maryland the Democracy for the first time nominated gold standard candidates on a gold standard platform and for the first time since the war suffered a most humiliating defeat. What was the cause of that defeat?

In Pennsylvania Democratic gold standard candidates on a gold standard platform were snowed under. How is the loss of votes there to be accounted for?

In Mississippi the Democrats nominated a free silver candidate, who had defeated a gold standard competitor, and adopted a straight-out free silver platform, the platform adopted by the Missouri Pertle Springs Democratic convention, and the result was a sweeping victory for Democracy. What was the cause of the Mississippi victory?

The case then stands thus: Free silver candidates were defeated in Kentucky and the Eighteenth Illinois district and free silver gained a sweeping victory in one state. On the other hand gold standard candidates were defeated in New York, New Jersey, Massachusetts, Ohio, Pennsylvania, Maryland and Iowa—wherever the people got a chance at one the rout was complete and overwhelming.

The most important lesson in the campaign was the victory in Mississippi, and it is so plain that a blind man can see it.

Beware of Omments for Catarrh that contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists, price 75c. per bottle.

The following gem, which has been going the rounds of the press without credit, should be riveted in the memory of every young man: Be careful how you speak of a woman's character. Think how many years she has been building it, of the toils and privations endured, of the wounds received, and let no suspicion follow her actions. The purity of woman is salvation of the race, the hope of future greatness and the redemption of men. Wipe out her purity and man sinks beneath the waves of despair, with not a star to guide his life into a channel of safety. Think then before you speak, and remember that any hog can root up the fairest flower that ever grew, so the vilest man can ruin the purest woman's character.

Unless you wish to know that Beggs' Diarrhoea Balsam is the best medicine on earth for Summer Complaint. Never fails. Cures very time. Equally good for children. Sold, and warranted by Sneed, the druggist.

It Soaks Into the Flesh

right down through the fevered parts to where the inflammation is rooted. That is why Mustang Liniment "cures all aches and pains of man or beast." If it evaporated or remained on the skin it could not cure. That is why volatile extracts fail. They can't go down through the inflamed parts.

Mustang Liniment

owes its success to its power of penetration. There is nothing marvelous about its curative powers. It is simply a few common sense ingredients combined in a way to make penetration possible and insure a cure.

Mustang Liniment has been used for one-half a century.

SAM JONES says: "Marriage is becoming a merchandise, clubs are substituted for homes, wives are becoming society for ladies, children are unfavorable nuisances and destruction of life and habit. The few children who enter the homes are given to milk bottles and nurses in babyhood, to public schools in childhood, fashionable colleges in youth and given over to society, dress and amusement in womanhood. Instead of reading the Bible and saying their prayers at night, the girls plait hair in shucks for bange and the boys plait their toes for the toothpick shoes and both go to sleep with a dime novel under their pillow and a fifteen-cent head on top of it."

Free Hog Cholera Recipe.

Journal of Agriculture.

Dr. T. J. Dodge, of Illinois, has a recipe for hog cholera which he says he has used for thirty-five years with great success. He says he has experimented by placing one hog with a lot of sick ones, and keeping it well by the use of this remedy. The doctor says he regards it his duty to make the remedy known, and recently in an exchange he gave the prescription as follows:

Arsenic, 1-3 pound; cape aloes, 1-2 pound; blue vitrol, 1-4 pound; black antimony 1 ounce. Grind and mix well the remedy before using.

The following are the directions for using:

1. Sick hogs in all cases to be separated from the well ones, and placed in dry pens with only five large hogs or eight small ones in each pen.

2. Feed nothing but dry food, but no water, only the slop containing the remedy, until cured.

3. When the hogs refuse to eat, turn them on their backs, and then, with a long handled spoon, put the dry medicine down their throats.

4. Dose for large hog. One teaspoonful three times a day for three days; then miss one day and repeat amount until cured. Shows or pigs, half the amount.

5. As a preventive, one teaspoonful once a week will keep your hogs in a healthy condition to take on fat.

The Growth of Independence.
To patriots who love their country above party and to party leaders who look beyond temporary success there is much cause for encouragement in the result of Tuesday's elections. The people have again demonstrated their independence. No party can win their suffrage except it does things that commend it to support.

The independent, floating vote has many upheavals to its credit. It upturns the Democratic and Republican party with equal ease. This vote is not always honest or wise, but the effect is in the long run for the best interests of the republic. It encourages the nomination of the best men for office and demands that political parties do something beside capture spoils.

One lesson of the elections of the last few years is that no party has any certain claim upon constant victory. Next year it may be the Republican party that will get the trouncing.

Hayes was right when he said: "He serves his party best who serves his country best."—Columbia Herald.

Six weeks ago I suffered with a very severe cold, was almost unable to speak. My friends all advised me to consult a physician. Noticing Chamberlain's Cough Remedy advertised in the St. Paul Volks Zeitung I procured a bottle, and after taking it a short while was entirely well. I now most heartily recommend this remedy to anyone suffering with a cold. Wm. Keil 678 Selby Ave. St. Paul, Minn. For sale by W. C. Gaston.

The cure of Rheumatism has often taxed medical skill, but its prevention has been very easy by an occasional use of Simmons Liver Regulator. It keeps the liver well regulated, and the system free from poison. Therein is the secret of health. "I have used it for pation, years for Indigestion and Constipation and also found it gives one relief from a touch of Rheumatism."—N. Hughes, Lordeburg, N. M.

To get married when a man is young is healthy; to choose, in no matter what class, a good, honest girl; to love her with all his heart and soul, and to make her a reliable companion and a prolific mother, to work to raise his children, and to leave them when dying the example of his life—that is the true meaning and object of life.
